Flexible debt & equity capital for growth-oriented software companies

We partner with founders and management teams to execute a shared vision and build category-defining, mission-critical software businesses.

US-Focused

With opportunistic consideration to Canada and other regions

\$4M+ ARR

Software, payments, managed services, and other recurring / re-occurring business models

\$5M-30M Investments

In 5-year interest-only term loans and/or equity with capacity to continue supporting portfolio companies beyond the initial commitment

Capital Efficient

Focused on founder-owned and operated businesses that are bootstrapped or lightly capitalized

Mission-Critical

Highly-retentive customers deeply engrained in workflows and further entrenched by data moats

Flexible Use Cases

Growth capital, M&A, shareholder liquidity, refinancings, management buyouts, independent sponsors, search funds, and more

Benefits

- ✓ Retain *more ownership* and upside than traditional growth equity
- ✓ *Checks up to 1.5x ARR*, providing greater flexibility and scale than banks and other debt providers
- ✓ *Bespoke structures* to cater to management's goals
- ✓ *Value-added capital* partner, providing access to software-focused advisory board, assistance with M&A, and management team buildout

Partnership

The RF team has been an invaluable partner to me and the Nextpoint team.

"They are thoughtful software investors who not only delivered a flexible financing solution, but also brought strategic resources and insights to help us scale our business."
